Authorization for this examiner's amendment was given in a telephone interview with Mr. Gregory T. Lowen on 6-30-09.

Allowable Subject Matter

Applicant's amendment of 5-20-09 and the above examiner's amendment have placed this application in condition for allowance. All previous rejections are now withdrawn.

Claims 20-23 and 26-30 are cancelled.

Claims 1-19, 24 and 25 are pending and allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The invention is drawn to compounds of formula I of a quinazoline core with a 5-position substituent of A-C(O)-N-(CH₂)₂-O-, and an aniline group substituted with -X¹-Q¹ which are not taught or fairly suggested by the prior art of record. The closest references (WO'521 and WO'523) of **Bradbury et. al.** teach related quinazolinyl compounds, but having an indolyl and an indazolyl ring as opposed to a phenyl ring attached to the -NH group at the 4-position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to TAMTHOM N. TRUONG whose telephone number is (571)272-0676. The examiner can normally be reached on M, T and Th (9:00-5:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James O. Wilson can be reached on 571-272-0661. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
